Above class for BUS students only
Though a faculty member will be engaged as your instructor, online courses require students to be especially
conscientious and responsible about completing assignments and staying on track. Online courses are not easier than
residential courses and require just as much time and effort from students.
Students must have a computer with a working microphone and webcam. A private location and reliable internet connection
with a broadband speed of at least 5mbps is required for quizzes and exams.
Above class meets 100% Online through Asynchronous instruction. For more information visit

Though a faculty member will be engaged as your instructor, online courses require students to be especially conscientious and responsible about completing assignments and staying on track.

Online courses are not easier than residential courses and require just as much time and effort from students.

Students must have a computer with a working microphone and webcam. A private location and reliable internet connection with a broadband speed of at least 5Mbps is required for quizzes and exams.

Above class meets 100% Online through Asynchronous instruction. For more information visit https://fall2020.iu.edu/learning-modes/

In this course, students will begin to explore the personal, institutional, political, and cultural forces that impact the lived experience of being a professional teacher. Possible key questions for reflection include: How does knowledge help teachers positively shape their professional lives? How does school culture shape the day-to-day life of teachers and how do you identify a school culture that is right for you? How does the current emphasis on standardized testing impact the life of a teacher and how can teachers positively respond to this? What does it mean to be a role model and what are the challenges and opportunities presented by this social role? What does community mean and how are teachers participants in and facilitators of positive community? Examination of these questions will occur through student-centered, hands-on, and interactive classroom activities above class meets 100% Online through Asynchronous instruction. EDUC-X 152: Mapping Your Future: How to Make the Most Out of Your College Experience is an eight-week, two credit, graded seminar course designed for students to investigate the purposes of an undergraduate education at IU Bloomington and to expose them to the array of skills, tools, and opportunities that academic advisors, career coaches, and the university have to offer. The assignments and activities in the course include a mixture of readings, class discussions, journaling, out-of-class-activities, and a culminating semester project. By the end of the course, students should have a better understanding of themselves, their academic and career interests, and a plan to maximize their opportunities as an IU Bloomington student.

F 450: Students in the above class should be aware that a flexible schedule is required when scheduling coachings with their faculty coach. Students must attend the Chamber Music course meeting held in the first week of classes to find out important information regarding group sign-up and placement auditions. Time and location of the meetings will be announced to enrolled students and will be posted on the chamber music website at HTTP://TINYURL.COM/NOWQORM. All members of the group must be enrolled in MUS-F450 or F550, unless making up an incomplete. Students must obtain the permission and signature of a faculty coach for their group and receive seven coachings, performing at least once in a public setting. Groups that are unable to find a faculty coach will be assigned to a faculty member by the Head of Chamber Music. Visit the above chamber music website for further details on guidelines and required paperwork or email chmusic@indiana.edu with questions.
