In this course, students will begin to explore the personal, institutional, political, and cultural forces that impact the lived experience of being a professional teacher. Possible key questions for reflection include: How does self-knowledge help teachers positively shape their professional lives? How does school culture shape the day-to-day life of teachers and how do you identify a school culture that is right for you? How does the current emphasis on standardized testing impact the life of a teacher and how can teachers positively respond to this? What does it mean to be a role model and what are the challenges and opportunities presented by this social role? What does community mean and how are teachers participating in and facilitators of positive community? Exploration of these questions will occur through student centered, hands-on, and interactive classroom activities

9212 10:00A-10:50A TR WB WEB Sterling A

This class meets for the first 13 weeks of the semester (ending the week before Thanksgiving Break), and will be taught through live virtual meetings at the scheduled class times.

For Freshmen and Transfer students
An introduction to college life and culture. This course includes guest lectures, campus tours, in-class discussions, and strategies for organization and study skills. You will get involved on campus, visit with professors as well as academic and career advisors and, best of all, there will be many opportunities for multicultural dialogue and forming friendships in a small group. It’s all the stuff you want to know about and do, inside and outside of the classroom, except with this class you can get credit for it!
