An introduction to college life and culture, this course includes guest lectures, campus tours, in-class discussions, and strategies for organization and study skills. You’ll get involved on campus, visit with professors as well as academic and career advisors and, best of all, there will be many opportunities for multicultural dialogue and forming friendships in a small group. It’s all the stuff you want to know about and do, inside and outside of the classroom, except with this class you get credit for it.
