MUS-X 70 UNIVERSITY CHORAL ENSEMBLES (2 CR)

X 70 : All Vocal Chamber Ensembles meet MTR 3:00-4:35 PM. Opera Choruses meet daily 5:00-5:35 PM and 6:00-6:35 PM. Students enrolled in MUS-X 70 must keep these time periods free until receiving an ensemble assignment following choral auditions
Choral assignments for the entire school year are based on auditions held the week before classes in the fall semester. If you did not audition at that time, you must audition on the first week of classes in the spring semester. See link on Choral Department website for audition details. If you auditioned in August, you do not need to re-audition in January
For a complete list of choral ensembles, rehearsal dates, and times, please refer to the Choral Department website at https://tinyurl.com/yaows8oq.

Above class meets with SPEA-V 550
Above class meets 100% Online with a combination of Synchronous and Asynchronous instruction. For more information visit https://covid.iu.edu/learning-modes/index.html
According to Jonathan Rosenberg, former senior vice president of Google, Data is the sword of the 21st century, those who wield it well, the Samurai. In recent decades, survey data have become powerful swords that inform government policy making, business and nonprofit decision-making, political campaigns, legal decisions, and academic research in many fields of study. This course will give you the skills that you will need to harness the power of surveys: How do I select a sample? How do I design survey questions? How do I collect the data? As part of the class, students will be exposed to many real world survey examples. This is a rigorous, upper-level undergraduate class designed for those with an interest in research methods.

VT: DESIGNING ENVIR&DEV INTERVENT
32107 ARR ARR WB WEB Eldon J
TOPIC: Designing Environmental and Development Interventions in Rural West Africa
Course Summary: Students in this intensive course will partner with two local non-government organizations in rural Senegal and The Gambia to develop a range of project proposals addressing regional environmental and development challenges of their choosing (water access, soil fertility, forest conservation, etc). Students will be expected to conduct independent research and work quickly and effectively in small groups, and to participate in regular coordination meetings with the IU instructor and two West African NGO project managers who have spent their careers in this region. The resulting projects will be assessed by class members, NGO members, and an external committee, and may be recommended for submission to appropriate grant programs.

Above class meets January 4 - January 15
Above class meets on January 6 from 1-3pm
Course Summary: This course will be a brief look at natural disasters and their relationship to people. We will study the science behind some selected natural disasters and how they fit into ecological processes. We will also study how humans react, as individuals and as a community. Given the timeliness of ongoing wildfires in the west, hurricanes, and the pandemic, this course will focus on those topics along with floods and tornados which are of local interest.
